The CA 106 PRO is a very compact 2-way fullrange loudspeaker.

Due to the integrated passive crossover, the CA 106 PRO can be operated cost-effectively on linear power amplifiers. When operated with Kling & Freitag SystemAmps, the operational reliability and sound quality of the loudspeaker is optimized for the best possible result.

The CA 106 PRO offers a precise and very balanced sound quality.

It is excellently suited for all near field applications, but also as an unobtrusive and multifunctional loudspeaker for corporate events or trade shows with medium distances.

By using the integrated switch (changing the pin configuration from 1+/1- to 2+/2-), two loudspeaker ways can be realised with only one NL4 cable. Thanks to the 16 ohm impedance, distributed systems with 12 to 16 loudspeakers can be connected with one cable or combinations with subwoofers can be easily implemented.

Its timeless design, compact dimensions and low weight make it easy to use in a wide variety of scenarios. A wide range of accessories as well as the rotatable 90° x 60° horn extend the range of applications and make the CA 106 PRO a flexible and efficient solution.

Compared to its predecessor, the CA 106 PRO achieves a sound pressure level that is consistently higher in the usable spectrum while at the same time providing extended low end.

**K&F CA 106 PRO**

- Passive 2-way bass reflex system
- Frequency response -10 dB 65 Hz – 22 kHz
- Frequency response ±3 dB 73 Hz – 20 kHz
- Coverage angles nominal 90° x 60° (hor. x vert.), CD horn rotatable
- Power handling nominal 200 watts
- Power handling program 400 watts
- Power handling peak 600 watts
- Max. SPL 125 dB (SPL peak/1 m)
- Impedance nominal 16 Ω
- Components 1" High Dome Tweeter with CD-Horn 6.5" Low Mid Chassis
- Connectors 2 x speakON® 4-pol NL4MP IN parallel to OUT selectable to 1+/1- or 2+/2- by using the switch
- Enclosure 12 mm multiplex with highly resistant structured paint (PU) in RAL 9005 (black), Multi-functional enclosure with monitor and cluster angle, 12 x M8 and 2 x M6 thread inserts, ball-proof steel grill with exchangeable black acoustic foam
- Dimensions (W x H x D) 195 x 365 x 206,5 mm
- Weight 6.7 kg
- Colour RAL 9005 (black), RAL 9010 (white), RAL special colour
- Accessories See catalogue or www.kling-freitag.com
All measurements under free field conditions. Frequency patterns 1/6 octave averaged. Coverage and polar pattern 1/3 octave averaged. The manufacturer reserves the right to make product alterations to improve product quality without prior notice. Errors excepted.
